52.204-15 Service Contract Reporting Requirements for Indefinite-Delivery Contracts. (JAN 2014)

(a) Definitions.

"First-tier subcontract" means a subcontract awarded directly by the Contractor for the purpose of acquiring supplies or services (including construction) for performance of a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a Contractor's general and administrative expenses or indirect costs.

(b) The Contractor shall report, in accordance with paragraphs (c) and (d) of this clause, annually by October 31, for services performed during the preceding Government fiscal year (October 1-September 30) under this contract for orders that exceed the thresholds established in [4.1703\(a\)\(2\)](#).

(c) The Contractor shall report the following information:

(1) Contract number and order number.

(2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the order.

(3) The number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year.

(4) Data reported by subcontractors under paragraph (f) of this clause.

(d) The information required in paragraph (c) of this clause shall be submitted via the internet at www.sam.gov. (See SAM User Guide). If the Contractor fails to submit the report in a timely manner, the Contracting Officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under FAR [subpart 42.15](#).

(e) Agencies will review Contractor reported information for reasonableness and consistency with available contract information. In the event the agency believes that revisions to the Contractor reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or document its rationale for the agency.

(f)(1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in [4.1703\(a\)\(2\)](#), to provide the following detailed information to the Contractor in sufficient time to submit the report:

(i) Subcontract number (including subcontractor name and DUNS number), and

(ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous Government fiscal year.

(2) The Contractor shall advise the subcontractor that the information will be made available to the public as required by section 743 of Division C of the Consolidated Appropriations Act, 2010.

Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your

regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard**

Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination.

Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).

Safeguarding of Sensitive Information (MAR 2015)
Page 1 through 9

SAFEGUARDING OF SENSITIVE INFORMATION (MAR 2015)

(a) *Applicability.* This clause applies to the Contractor, its subcontractors, and Contractor employees (hereafter referred to collectively as “Contractor”). The Contractor shall insert the substance of this clause in all subcontracts.

(b) *Definitions.* As used in this clause—

“Personally Identifiable Information (PII)” means information that can be used to distinguish or trace an individual's identity, such as name, social security number, or biometric records, either alone, or when combined with other personal or identifying information that is linked or linkable to a specific individual, such as date and place of birth, or mother's maiden name. The definition of PII is not anchored to any single category of information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. In performing this assessment, it is important for an agency to recognize that non-personally identifiable information can become personally identifiable information whenever additional information is made publicly available—in any medium and from any source—that, combined with other available information, could be used to identify an individual.

PII is a subset of sensitive information. Examples of PII include, but are not limited to: name, date of birth, mailing address, telephone number, Social Security number (SSN), email address, zip code, account numbers, certificate/license numbers, vehicle identifiers including license plates, uniform resource locators (URLs), static Internet protocol addresses, biometric identifiers such as fingerprint, voiceprint, iris scan, photographic facial images, or any other unique identifying number or characteristic, and any information where it is reasonably foreseeable that the information will be linked with other information to identify the individual.

“Sensitive Information” is defined in HSAR clause 3052.204-71, Contractor Employee Access, as any information, which if lost, misused, disclosed, or, without authorization is accessed, or modified, could adversely affect the national or homeland security interest, the conduct of Federal programs, or the privacy to which individuals are entitled under section 552a of Title 5, United States Code (the Privacy Act), but which has not been specifically authorized under criteria established by an Executive Order or an Act of Congress to be kept secret in the interest of national defense, homeland security or foreign policy. This definition includes the following categories of information:

(1) Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (Title II, Subtitle B, of the Homeland Security Act, Public Law 107296, 196 Stat. 2135), as amended, the implementing regulations thereto (Title 6, Code of Federal Regulations, Part 29) as amended, the applicable PCII Procedures Manual, as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the PCII Program Manager or his/her designee);

(2) Sensitive Security Information (SSI), as defined in Title 49, Code of Federal Regulations, Part 1520, as amended, “Policies and Procedures of Safeguarding and Control of SSI,” as amended, and any supplementary guidance officially communicated by an authorized official of

the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or his/her designee);

(3) Information designated as “For Official Use Only,” which is unclassified information of a sensitive nature and the unauthorized disclosure of which could adversely impact a person’s privacy or welfare, the conduct of Federal programs, or other programs or operations essential to the national or homeland security interest; and

(4) Any information that is designated “sensitive” or subject to other controls, safeguards or protections in accordance with subsequently adopted homeland security information handling procedures.

“Sensitive Information Incident” is an incident that includes the known, potential, or suspected exposure, loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or unauthorized access or attempted access of any Government system, Contractor system, or sensitive information.

“Sensitive Personally Identifiable Information (SPII)” is a subset of PII, which if lost, compromised or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. Some forms of PII are sensitive as stand-alone elements. Examples of such PII include: Social Security numbers (SSN), driver’s license or state identification number, Alien Registration Numbers (A-number), financial account number, and biometric identifiers such as fingerprint, voiceprint, or iris scan. Additional examples include any groupings of information that contain an individual’s name or other unique identifier plus one or more of the following elements:

- (1) Truncated SSN (such as last 4 digits)
- (2) Date of birth (month, day, and year)
- (3) Citizenship or immigration status
- (4) Ethnic or religious affiliation
- (5) Sexual orientation
- (6) Criminal History
- (7) Medical Information
- (8) System authentication information such as mother’s maiden name, account passwords or personal identification numbers (PIN)

Other PII may be “sensitive” depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. In contrast, a business card or public telephone directory of agency employees contains PII but is not sensitive.

(c) *Authorities.* The Contractor shall follow all current versions of Government policies and guidance accessible at <http://www.dhs.gov/dhs-security-and-training-requirements-contractors>, or available upon request from the Contracting Officer, including but not limited to:

- (1) DHS Management Directive 11042.1 Safeguarding Sensitive But Unclassified (for Official Use Only) Information
- (2) DHS Sensitive Systems Policy Directive 4300A
- (3) DHS 4300A Sensitive Systems Handbook and Attachments
- (4) DHS Security Authorization Process Guide
- (5) DHS Handbook for Safeguarding Sensitive Personally Identifiable Information
- (6) DHS Instruction Handbook 121-01-007 Department of Homeland Security Personnel Suitability and Security Program
- (7) DHS Information Security Performance Plan (current fiscal year)
- (8) DHS Privacy Incident Handling Guidance
- (9) Federal Information Processing Standard (FIPS) 140-2 Security Requirements for Cryptographic Modules accessible at <http://csrc.nist.gov/groups/STM/cmvp/standards.html>
- (10) National Institute of Standards and Technology (NIST) Special Publication 800-53 Security and Privacy Controls for Federal Information Systems and Organizations accessible at <http://csrc.nist.gov/publications/PubsSPs.html>
- (11) NIST Special Publication 800-88 Guidelines for Media Sanitization accessible at <http://csrc.nist.gov/publications/PubsSPs.html>

(d) *Handling of Sensitive Information.* Contractor compliance with this clause, as well as the policies and procedures described below, is required.

(1) Department of Homeland Security (DHS) policies and procedures on Contractor personnel security requirements are set forth in various Management Directives (MDs), Directives, and Instructions. *MD 11042.1, Safeguarding Sensitive But Unclassified (For Official Use Only) Information* describes how Contractors must handle sensitive but unclassified information. DHS uses the term "FOR OFFICIAL USE ONLY" to identify sensitive but unclassified information that is not otherwise categorized by statute or regulation. Examples of sensitive information that are categorized by statute or regulation are PCII, SSI, etc. The *DHS Sensitive Systems Policy Directive 4300A* and the *DHS 4300A Sensitive Systems Handbook* provide the policies and procedures on security for Information Technology (IT) resources. The *DHS Handbook for Safeguarding Sensitive Personally Identifiable Information* provides guidelines to help safeguard SPII in both paper and electronic form. *DHS Instruction Handbook 121-01-007 Department of Homeland Security Personnel Suitability and Security Program* establishes procedures, program responsibilities, minimum standards, and reporting protocols for the DHS Personnel Suitability and Security Program.

(2) The Contractor shall not use or redistribute any sensitive information processed, stored, and/or transmitted by the Contractor except as specified in the contract.

(3) All Contractor employees with access to sensitive information shall execute *DHS Form 11000-6, Department of Homeland Security Non-Disclosure Agreement (NDA)*, as a condition of access to such information. The Contractor shall maintain signed copies of the NDA for all employees as a record of compliance. The Contractor shall provide copies of the signed NDA to

the Contracting Officer's Representative (COR) no later than two (2) days after execution of the form

(4) The Contractor's invoicing, billing, and other recordkeeping systems maintained to support financial or other administrative functions shall not maintain SPII. It is acceptable to maintain in these systems the names, titles and contact information for the COR or other Government personnel associated with the administration of the contract, as needed.

(e) *Authority to Operate*. The Contractor shall not input, store, process, output, and/or transmit sensitive information within a Contractor IT system without an Authority to Operate (ATO) signed by the Headquarters or Component CIO, or designee, in consultation with the Headquarters or Component Privacy Officer. Unless otherwise specified in the ATO letter, the ATO is valid for three (3) years. The Contractor shall adhere to current Government policies, procedures, and guidance for the Security Authorization (SA) process as defined below.

(1) Complete the Security Authorization process. The SA process shall proceed according to the *DHS Sensitive Systems Policy Directive 4300A* (Version 11.0, April 30, 2014), or any successor publication, *DHS 4300A Sensitive Systems Handbook* (Version 9.1, July 24, 2012), or any successor publication, and the *Security Authorization Process Guide* including templates.

(i) Security Authorization Process Documentation. SA documentation shall be developed using the Government provided Requirements Traceability Matrix and Government security documentation templates. SA documentation consists of the following: Security Plan, Contingency Plan, Contingency Plan Test Results, Configuration Management Plan, Security Assessment Plan, Security Assessment Report, and Authorization to Operate Letter. Additional documents that may be required include a Plan(s) of Action and Milestones and Interconnection Security Agreement(s). During the development of SA documentation, the Contractor shall submit a signed SA package, validated by an independent third party, to the COR for acceptance by the Headquarters or Component CIO, or designee, at least thirty (30) days prior to the date of operation of the IT system. The Government is the final authority on the compliance of the SA package and may limit the number of resubmissions of a modified SA package. Once the ATO has been accepted by the Headquarters or Component CIO, or designee, the Contracting Officer shall incorporate the ATO into the contract as a compliance document. The Government's acceptance of the ATO does not alleviate the Contractor's responsibility to ensure the IT system controls are implemented and operating effectively.

(ii) Independent Assessment. Contractors shall have an independent third party validate the security and privacy controls in place for the system(s). The independent third party shall review and analyze the SA package, and report on technical, operational, and management level deficiencies as outlined in *NIST Special Publication 800-53 Security and Privacy Controls for Federal Information Systems and Organizations*. The Contractor shall address all deficiencies before submitting the SA package to the Government for acceptance.

(iii) Support the completion of the Privacy Threshold Analysis (PTA) as needed. As part of the SA process, the Contractor may be required to support the Government in the completion of the PTA. The requirement to complete a PTA is triggered by the creation,

use, modification, upgrade, or disposition of a Contractor IT system that will store, maintain and use PII, and must be renewed at least every three (3) years. Upon review of the PTA, the DHS Privacy Office determines whether a Privacy Impact Assessment (PIA) and/or Privacy Act System of Records Notice (SORN), or modifications thereto, are required. The Contractor shall provide all support necessary to assist the Department in completing the PIA in a timely manner and shall ensure that project management plans and schedules include time for the completion of the PTA, PIA, and SORN (to the extent required) as milestones. Support in this context includes responding timely to requests for information from the Government about the use, access, storage, and maintenance of PII on the Contractor's system, and providing timely review of relevant compliance documents for factual accuracy. Information on the DHS privacy compliance process, including PTAs, PIAs, and SORNs, is accessible at <http://www.dhs.gov/privacy-compliance>.

(2) *Renewal of ATO*. Unless otherwise specified in the ATO letter, the ATO shall be renewed every three (3) years. The Contractor is required to update its SA package as part of the ATO renewal process. The Contractor shall update its SA package by one of the following methods:

(1) Updating the SA documentation in the DHS automated information assurance tool for acceptance by the Headquarters or Component CIO, or designee, at least 90 days before the ATO expiration date for review and verification of security controls; or (2) Submitting an updated SA package directly to the COR for approval by the Headquarters or Component CIO, or designee, at least 90 days before the ATO expiration date for review and verification of security controls. The 90 day review process is independent of the system production date and therefore it is important that the Contractor build the review into project schedules. The reviews may include onsite visits that involve physical or logical inspection of the Contractor environment to ensure controls are in place.

(3) *Security Review*. The Government may elect to conduct random periodic reviews to ensure that the security requirements contained in this contract are being implemented and enforced. The Contractor shall afford DHS, the Office of the Inspector General, and other Government organizations access to the Contractor's facilities, installations, operations, documentation, databases and personnel used in the performance of this contract. The Contractor shall, through the Contracting Officer and COR, contact the Headquarters or Component CIO, or designee, to coordinate and participate in review and inspection activity by Government organizations external to the DHS. Access shall be provided, to the extent necessary as determined by the Government, for the Government to carry out a program of inspection, investigation, and audit to safeguard against threats and hazards to the integrity, availability and confidentiality of Government data or the function of computer systems used in performance of this contract and to preserve evidence of computer crime.

(4) *Continuous Monitoring*. All Contractor-operated systems that input, store, process, output, and/or transmit sensitive information shall meet or exceed the continuous monitoring requirements identified in the *Fiscal Year 2014 DHS Information Security Performance Plan*, or successor publication. The plan is updated on an annual basis. The Contractor shall also store monthly continuous monitoring data at its location for a period not less than one year from the date the data is created. The data shall be encrypted in accordance with *FIPS 140-2 Security*

Requirements for Cryptographic Modules and shall not be stored on systems that are shared with other commercial or Government entities. The Government may elect to perform continuous monitoring and IT security scanning of Contractor systems from Government tools and infrastructure.

(5) *Revocation of ATO.* In the event of a sensitive information incident, the Government may suspend or revoke an existing ATO (either in part or in whole). If an ATO is suspended or revoked in accordance with this provision, the Contracting Officer may direct the Contractor to take additional security measures to secure sensitive information. These measures may include restricting access to sensitive information on the Contractor IT system under this contract. Restricting access may include disconnecting the system processing, storing, or transmitting the sensitive information from the Internet or other networks or applying additional security controls.

(6) *Federal Reporting Requirements.* Contractors operating information systems on behalf of the Government or operating systems containing sensitive information shall comply with Federal reporting requirements. Annual and quarterly data collection will be coordinated by the Government. Contractors shall provide the COR with requested information within three (3) business days of receipt of the request. Reporting requirements are determined by the Government and are defined in the *Fiscal Year 2014 DHS Information Security Performance Plan*, or successor publication. The Contractor shall provide the Government with all information to fully satisfy Federal reporting requirements for Contractor systems.

(f) *Sensitive Information Incident Reporting Requirements.*

(1) All known or suspected sensitive information incidents shall be reported to the Headquarters or Component Security Operations Center (SOC) within one hour of discovery in accordance with *4300A Sensitive Systems Handbook Incident Response and Reporting* requirements. When notifying the Headquarters or Component SOC, the Contractor shall also notify the Contracting Officer, COR, Headquarters or Component Privacy Officer, and US-CERT using the contact information identified in the contract. If the incident is reported by phone or the Contracting Officer's email address is not immediately available, the Contractor shall contact the Contracting Officer immediately after reporting the incident to the Headquarters or Component SOC. The Contractor shall not include any sensitive information in the subject or body of any e-mail. To transmit sensitive information, the Contractor shall use *FIPS 140-2 Security Requirements for Cryptographic Modules* compliant encryption methods to protect sensitive information in attachments to email. Passwords shall not be communicated in the same email as the attachment. A sensitive information incident shall not, by itself, be interpreted as evidence that the Contractor has failed to provide adequate information security safeguards for sensitive information, or has otherwise failed to meet the requirements of the contract.

(2) If a sensitive information incident involves PII or SPII, in addition to the reporting requirements in *4300A Sensitive Systems Handbook Incident Response and Reporting*, Contractors shall also provide as many of the following data elements that are available at the

time the incident is reported, with any remaining data elements provided within 24 hours of submission of the initial incident report:

- (i) Data Universal Numbering System (DUNS);
- (ii) Contract numbers affected unless all contracts by the company are affected;
- (iii) Facility CAGE code if the location of the event is different than the prime contractor location;
- (iv) (iv) Point of contact (POC) if different than the POC recorded in the System for Award Management (address, position, telephone, email);

(g) Sensitive Information Incident Response Requirements.

(1) All determinations related to sensitive information incidents, including response activities, notifications to affected individuals and/or Federal agencies, and related services (e.g., credit monitoring) will be made in writing by the Contracting Officer in consultation with the Headquarters or Component CIO and Headquarters or Component Privacy Officer.

(2) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

(3) Incident response activities determined to be required by the Government may include, but are not limited to, the following:

- (i) Inspections,
- (ii) Investigations,
- (iii) Forensic reviews, and
- (iv) Data analyses and processing.

(4) The Government, at its sole discretion, may obtain the assistance from other Federal agencies and/or third-party firms to aid in incident response activities.

(h) Additional PII and/or SPII Notification Requirements.

(1) The Contractor shall have in place procedures and the capability to notify any individual whose PII resided in the Contractor IT system at the time of the sensitive information incident not later than 5 business days after being directed to notify individuals, unless otherwise approved by the Contracting Officer. The method and content of any notification by the Contractor shall be coordinated with, and subject to prior written approval by the Contracting Officer, in consultation with the Headquarters or Component Privacy Officer, utilizing the *DHS Privacy Incident Handling Guidance*. The Contractor shall not proceed with notification unless the Contracting Officer, in consultation with the Headquarters or Component Privacy Officer, has determined in writing that notification is appropriate.

(2) Subject to Government analysis of the incident and the terms of its instructions to the Contractor regarding any resulting notification, the notification method may consist of letters to affected individuals sent by first class mail, electronic means, or general public notice, as approved by the Government. - (vi) Information identifying who individuals may contact for additional information.

(i) Credit Monitoring Requirements. In the event that a sensitive information incident involves PII or SPII, the Contractor may be required to, as directed by the Contracting Officer:

(1) Provide notification to affected individuals as described above; and/or

(2) Provide credit monitoring services to individuals whose data was under the control of the Contractor or resided in the Contractor IT system at the time of the sensitive information incident for a period beginning the date of the incident and extending not less than 18 months from the date the individual is notified. (j) *Certification of Sanitization of Government and Government-Activity-Related Files and Information.* As part of contract closeout, the Contractor shall submit the certification to the COR and the Contracting Officer following the template provided in *NIST Special Publication 800-88 Guidelines for Media Sanitization*.

The Contractor shall not remove or replace personnel or facilities until the Contracting Officer approves the change.

H. 3 ICE BACKGROUND AND SECURITY PROCEDURES

A. Security Requirements –

DHS has determined that performance of the tasks as described in this SOO and any subsequent contract and modifications or amendments thereto requires that the Contractor, subcontractor(s), vendor(s), etc. (herein known as Contractor) have access to sensitive DHS information, and that the Contractor will adhere to all Personnel Security Unit requirements.

B. Suitability Determination –

DHS shall have and exercise full control over granting, denying, withholding, or terminating unescorted Government facility and/or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make a favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD

decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the contract. No employee of the Contractor shall be allowed to EOD and/or access sensitive information or systems without a favorable EOD decision or suitability determination by the Office of Professional Responsibility, Personnel Security Unit (OPR-PSU). No employee of the Contractor shall be allowed unescorted access to a Contract Detention Facility or any Government facility or facility used in furtherance of DHS activities without a favorable EOD decision or suitability determination by the OPR-PSU. Contract employees assigned to the contract not needing access to sensitive DHS information or recurring access to a Contract Detention Facility or any facility used in furtherance of DHS activities will not be subject to security suitability screening.

C. Background Investigations and Required Forms –

Contract employees (to include applicants, temporaries, part-time, and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. Background investigations will be processed through the OPR-PSU. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees without adequate security clearances issued by DISCO shall submit the following completed forms to the Personnel Security Unit through the COTR, no less than five days before the starting date of the contract or five days prior to the expected entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor:

1. Standard Form 85P, "Questionnaire for Public Trust Positions" Form and the Standard Form 85 PS will be submitted via e-QIP (electronic Questionnaires for Investigation Processing) (2 copies)
2. E-Quip Signature Forms (3), Signature Form, Release of Information Form and Release of Medical Information Form (2 copies of each)
3. FD Form 258, "Fingerprint Card" (2 Cards)
4. Foreign National Relatives or Associates Statement
5. DHS 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act"
6. Optional Form 306 Declaration for Federal Employment (applies to Contractors as well).

Required forms will be provided by DHS at the time of award of the contract. Only complete packages will be accepted by the OPR-PSU. Specific instructions on submission of packages will be provided upon award of the contract.

Be advised that unless an applicant requiring access to sensitive information has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an

applicant as ineligible due to insufficient background information.

The use of Non-U.S. citizens, including Lawful Permanent Residents (LPRs), is not permitted in the performance of this contract for any position that involves access to, development of, or maintenance to any DHS IT system.

D. Continued Eligibility -

If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the contract.

OPR-PSU may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists. The Contractor must post the ICE "Drug Free Workplace Policy" in all contract work areas.

OPR-PSU may require reinvestigations when derogatory information is received and/or every five years.

DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this contract.

The Contractor will report any adverse information coming to his or her attention concerning contract employees under the contract to the OPR-PSU through the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees' name and social security number, along with the adverse information being reported.

The COTR or other ICE-designated official shall notify OPR-PSU of all terminations/resignations within five days of occurrence. The Contractor will return any expired DHS issued identification cards and building passes, or those of terminated employees to the COTR. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location, and disposition of the pass or card. The COTR will return the identification cards and building passes to the responsible Unit.

E. Employment Eligibility

The Contractor shall agree that each employee working on this contract will have a Social Security Card issued and approved by the Social Security Administration. The Contractor shall be responsible to the Government for acts and omissions of its own employees and for any subcontractor(s) and their employees.

Subject to existing law, regulations and/or other provisions of this contract, illegal or undocumented aliens will not be employed by the Contractor or on this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract.

F. Security Management

The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the OPR-PSU through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

The COTR and the OPR-PSU shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this contract. Should the COTR determine that the Contractor is not complying with the security requirements of this contract; the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

The following computer security requirements apply to both Department of Homeland Security (DHS) operations and to the former Immigration and Naturalization Service operations (FINS). These entities are hereafter referred to as the Department.

G. Information Technology Security Clearance

When sensitive government information is processed on Department telecommunications and automated information systems, the Contractor agrees to provide for the administrative control of sensitive data being processed and to adhere to the procedures governing such data as outlined in DHS IT Security Program Publication DHS MD 4300.Pub. or its replacement. Contractor personnel must have favorably adjudicated background investigations.

Contractors who fail to comply with Department security policy are subject to having their access to Department IT systems and facilities terminated, whether or not the failure results in criminal prosecution. Any person who improperly discloses sensitive information is subject to criminal and civil penalties and sanctions under a variety of laws (e.g., Privacy Act).

H. Information Technology Security Training and Oversight

All contractor employees using Department automated systems or processing Department sensitive data will be required to receive Security Awareness Training. This training will be provided by the appropriate component agency of DHS.

Contractors involved with management, use, or operation of any IT systems that handle sensitive information within or under the supervision of the Department, shall receive periodic training at least annually in security awareness and accepted security practices and systems rules of behavior. Department contractors, with significant security responsibilities, shall receive specialized training specific to their security responsibilities annually. The level of training shall be commensurate with the individual's duties and responsibilities and is intended to promote a consistent understanding of the principles and concepts of telecommunications and IT systems security.

All personnel who access Department information systems will be continually evaluated while performing these duties. Supervisors should be aware of any unusual or inappropriate behavior by personnel accessing systems. Any unauthorized access, sharing of passwords, or other questionable security procedures should be reported to the local Security Office or Information System Security Officer (ISSO).

- A. The Service Provider shall provide detainees with reasonable and equitable access to telephones as specified in the ICE 2008 Performance-Based National Detention Standard on Telephone Access. Telephones shall be located in an area that provides for a reasonable degree of privacy and a minimal amount of environmental noise during phone calls.
- B. If authorized to do so under applicable law, the Service Provider shall monitor and record detainee conversations. If detainee telephone conversations can be monitored under applicable law, the Service Provider shall provide notice to detainees of the potential for monitoring. However, the Service Provider shall also provide procedures at the facility for detainees to be able to place unmonitored telephone calls to their attorneys.

REGISTER OF WAGE DETERMINATIONS UNDER
THE SERVICE CONTRACT ACT
By direction of the Secretary of Labor

U.S. DEPARTMENT OF LABOR
EMPLOYMENT STANDARDS ADMINISTRATION
WAGE AND HOUR DIVISION
WASHINGTON D.C. 20210

Diane C. Koplewski Division of
Director Wage Determinations

Wage Determination No.: 2012-0038
Revision No.: 1
Date Of Last Revision: 03/02/2012

State: Texas

Area: Texas County of Frio

Employed on Department of Homeland Security contract for Detention and Guard
services between

The GEO Group, Inc. and International Union, Security, Police and Fire Professionals
of America (SPFPA) and its Amalgamated Local 304, effective June 1, 2011 through May
31, 2014..

The wage rates and fringe benefits paid by above entity are hereby adopted as
prevailing.

NOTE:

This sole source wage determination was issued based on your e98 request.

Please note that a sole source wage determination is only applicable to contracts
for which the contractor (i.e., a state or local government or other entity) is the
only entity in the locality that can perform the contracted-for services. Thus, for
example, if a state or local government contractor selects a subcontractor to
perform the services after a sole source wage determination has been incorporated
into a contract (i.e., the contractor ceases to be the only entity that can perform
such services), then the sole source wage determination is no longer applicable to
the contract, and the appropriate area-wide wage determination must be incorporated
into the contract instead.

Under Section 2(b)(1) of the Service Contract Act no employees shall be paid less
than the minimum wage specified by Section 6(a)(1) of the Fair Labor Standards Act;
\$7.25 per hour, effective July 24, 2009.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.71 per hour or \$148.40 per week or \$643.07 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 3 weeks after 10 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage

determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the

following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C) (vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage

and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.81 per hour or \$152.40 per week or \$660.40 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 3 weeks after 10 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage

determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, drying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the

following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage

and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.02 per hour or \$160.80 per week or \$696.79 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 3 weeks after 10 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage

determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the

following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A link to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage

and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

CONTRACT MODIFICATION HSCEDM-12-D-00001/P00013: INCORPORATION OF DHS PREA STANDARDS

This document incorporates the requirements from Subpart A of the U.S. Department of Homeland Security (DHS) regulation titled, "Standards to Prevent, Detect, and Respond to Sexual Abuse and Assault in Confinement Facilities," 79 Fed. Reg. 13100 (Mar. 7, 2014) that are specifically applicable to detention facilities. Requirements that are applicable to the agency only have not been included, and accordingly, the numbering and sequential order within each of the below sections may not necessarily reflect those contained in Subpart A. Where any requirements of the DHS standards may conflict with the terms of the ICE detention standards currently applicable at the facility, the DHS PREA standards shall supersede:

115.6 Definitions Related to Sexual Abuse and Assault

- (1) Sexual abuse includes –
 - (a) Sexual abuse and assault of a detainee by another detainee; and
 - (b) Sexual abuse and assault of a detainee by a staff member, contractor, or volunteer.
- (2) Sexual abuse of a detainee by another detainee includes any of the following acts by one or more detainees, prisoners, inmates, or residents of the facility in which the detainee is housed who, by force, coercion, or intimidation, or if the victim did not consent or was unable to consent or refuse, engages in or attempts to engage in:
 - (a) Contact between the penis and the vulva or anus and, for purposes of this subparagraph, contact involving the penis upon penetration, however slight;
 - (b) Contact between the mouth and the penis, vulva, or anus;
 - (c) Penetration, however, slight, of the anal or genital opening of another person by a hand or finger or by any object;
 - (d) Touching of the genitalia, anus, groin, breast, inner thighs or buttocks, either directly or through the clothing, with an intent to abuse, humiliate, harass, degrade or arouse or gratify the sexual desire of any person; or
 - (e) Threats, intimidation, or other actions or communications by one or more detainees aimed at coercing or pressuring another detainee to engage in a sexual act.
- (3) Sexual abuse of a detainee by a staff member, contractor, or volunteer includes any of the following acts, if engaged in by one or more staff members, volunteers, or contract personnel who, with or without the consent of the detainee, engages in or attempts to engage in:
 - (a) Contact between the penis and the vulva or anus and, for purposes of this subparagraph, contact involving the penis upon penetration, however slight;
 - (b) Contact between the mouth and the penis, vulva, or anus;
 - (c) Penetration, however slight, of the anal or genital opening of another person by a hand or finger or by any object that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;
 - (d) Intentional touching of the genitalia, anus, groin, breast, inner thighs or buttocks, either directly or through the clothing, that is unrelated to official duties or where

the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;

- (e) Threats, intimidation, harassment, indecent, profane or abusive language, or other actions or communications, aimed at coercing or pressuring a detainee to engage in a sexual act;
- (f) Repeated verbal statements or comments of a sexual nature to a detainee;
- (g) Any display of his or her uncovered genitalia, buttocks, or breast in the presence of an inmate, detainee, or resident, or
- (h) Voyeurism, which is defined as the inappropriate visual surveillance of a detainee for reasons unrelated to official duties. Where not conducted for reasons relating to official duties, the following are examples of voyeurism: staring at a detainee who is using a toilet in his or her cell to perform bodily functions; requiring an inmate detainee to expose his or her buttocks, genitals, or breasts; or taking images of all or part of a detainee's naked body or of a detainee performing bodily functions.

PREVENTION PLANNING

115.11 Zero tolerance of sexual abuse; Prevention of Sexual Assault Coordinator.

- (1) Each facility shall have a written policy mandating zero tolerance toward all forms of sexual abuse and outlining the facility's approach to preventing, detecting, and responding to such conduct. The agency shall review and approve each facility's written policy.
- (2) Each facility shall employ or designate a Prevention of Sexual Assault Compliance Manager (PSA Compliance Manager) who shall serve as the facility point of contact for the ICE PSA Coordinator and who has sufficient time and authority to oversee facility efforts to comply with facility sexual abuse prevention and intervention policies and procedures.

115.13 Detainee supervision and monitoring.

- (1) Each facility shall ensure that it maintains sufficient supervision of detainees, including through appropriate staffing levels and, where applicable, video monitoring, to protect detainees against sexual abuse.
- (2) Each facility shall develop and document comprehensive detainee supervision guidelines to determine and meet the facility's detainee supervision needs, and shall review those guidelines at least annually.
- (3) In determining adequate levels of detainee supervision and determining the need for video monitoring, the facility shall take into consideration generally accepted detention and correctional practices, any judicial findings of inadequacy, the physical layout of each facility, the composition of the detainee population, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, the findings and recommendations of sexual abuse incident review reports, and any other relevant factors, including but not limited to the length of time detainees spend in agency custody.
- (4) Each facility shall conduct frequent unannounced security inspections to identify and deter sexual abuse of detainees. Such inspections shall be implemented for night as well

as day shifts. Each facility shall prohibit staff from alerting others that these security inspections are occurring, unless such announcement is related to the legitimate operational functions of the facility.

115.15 Limits to cross-gender viewing and searches.

- (1) Searches may be necessary to ensure the safety of officers, civilians and detainees; to detect and secure evidence of criminal activity; and to promote security, safety, and related interests at immigration detention facilities.
- (2) Cross-gender pat-down searches of male detainees shall not be conducted unless, after reasonable diligence, staff of the same gender is not available at the time the pat-down search is required or in exigent circumstances.
- (3) Cross-gender pat-down searches of female detainees shall not be conducted unless in exigent circumstances.
- (4) All cross-gender pat-down searches shall be documented.
- (5) Cross-gender strip searches or cross-gender visual body cavity searches shall not be conducted except in exigent circumstances, including consideration of officer safety, or when performed by medical practitioners. Facility staff shall not conduct visual body cavity searches of juveniles and, instead, shall refer all such body cavity searches of juveniles to a medical practitioner.
- (6) All strip searches and visual body cavity searches shall be documented.
- (7) Each facility shall implement policies and procedures that enable detainees to shower, perform bodily functions, and change clothing without being viewed by staff of the opposite gender, except in exigent circumstances or when such viewing is incidental to routine cell checks or is otherwise appropriate in connection with a medical examination or monitored bowel movement. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an area where detainees are likely to be showering, performing bodily functions, or changing clothing.
- (8) The facility shall not search or physically examine a detainee for the sole purposes of determining the detainee's genital characteristics. If the detainee's gender is unknown, it may be determined during conversations with the detainee, by reviewing medical records, or, if necessary, learning that information as part of a standard medical examination that all detainees must undergo as part of intake or other processing procedure conducted in private, by a medical practitioner.

115.16 Accommodating detainees with disabilities and detainees who are limited English proficient.

- (1) The agency and each facility shall take appropriate steps to ensure that detainees with disabilities (including, for example, detainees who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities) have an equal opportunity to participate in or benefit from all aspects of the agency's and facility's efforts to prevent, detect, and respond to sexual abuse. Such steps shall include, when necessary to ensure effective communication with detainees who are deaf or hard of hearing, providing access to in-person, telephonic, or video interpretive services that enable effective, accurate, and impartial interpretation, both receptively and

expressively, using any necessary specialized vocabulary. In addition, the agency and facility shall ensure that any written materials related to sexual abuse are provided in formats or through methods that ensure effective communication with detainees with disabilities, including detainees who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency or facility is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans with Disabilities Act, 28 CFR 35.164.

- (2) The agency and each facility shall take steps to ensure meaningful access to all aspects of the agency's and facility's efforts to prevent, detect, and respond to sexual abuse to detainees who are limited English proficient, including steps to provide in-person or telephonic interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary.
- (3) In matters relating to allegations of sexual abuse, the agency and each facility shall provide in-person or telephonic interpretation services that enable effective, accurate, and impartial interpretation, by someone other than another detainee, unless the detainee expresses a preference for another detainee to provide interpretation, and the agency determines that such interpretation is appropriate and consistent with DHS policy. The provision of interpreter services by minors, alleged abusers, detainees who witnessed the alleged abuse, and detainees who have a significant relationship with the alleged abuser is not appropriate in matters relating to allegations of sexual abuse.

115.17 Hiring and promotion decisions.

- (1) An agency or facility shall not hire or promote anyone who may have contact with detainees, and shall not enlist the services of any contractor or volunteer who may have contact with detainees, who has engaged in sexual abuse in a prison, jail, holding facility, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); who has been convicted of engaging or attempting to engage in sexual activity facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or who has been civilly or administratively adjudicated to have engaged in such activity.
- (2) An agency or facility considering hiring or promoting staff shall ask all applicants who may have contact with detainees directly about previous misconduct described in paragraph (1) of this section, in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. Agencies and facilities shall also impose upon employees a continuing affirmative duty to disclose any such misconduct. The agency, consistent with law, shall make its best efforts to contact all prior institutional employers of an applicant for employment, to obtain information on substantiated allegations of sexual abuse or any resignation during a pending investigation of alleged sexual abuse.
- (3) Before hiring new staff who may have contact with detainees, the agency or facility shall conduct a background investigation to determine whether the candidate for hire is suitable for employment with the facility or agency, including a criminal background

records check. Upon request by the agency, the facility shall submit for the agency's approval written documentation showing the detailed elements of the facility's background check for each staff member and the facility's conclusions. The agency shall conduct an updated background investigation every five years for agency employees who may have contact with detainees. The facility shall require an updated background investigation every five years for those facility staff who may have contact with detainees and who work in immigration-only detention facilities.

- (4) The agency or facility shall also perform a background investigation before enlisting the services of any contractor who may have contact with detainees. Upon request by the agency, the facility shall submit for the agency's approval written documentation showing the detailed elements of the facility's background check for each contractor and the facility's conclusions.
- (5) Material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination or withdrawal of an offer of employment, as appropriate.
- (6) In the event the agency contracts with a facility for the confinement of detainees, the requirements of this section otherwise applicable to the agency also apply to the facility and its staff.

115.18 Upgrades to facilities and technologies.

- (1) When designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the facility or agency, as appropriate, shall consider the effect of the design, acquisition, expansion, or modification upon their ability to protect detainees from sexual abuse.
- (2) When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology in an immigration detention facility, the facility or agency, as appropriate, shall consider how such technology may enhance their ability to protect detainees from sexual abuse.

RESPONSIVE PLANNING

115.21 Evidence protocols and forensic medical examinations.

- (1) To the extent that the agency or facility is responsible for investigating allegations of sexual abuse involving detainees, it shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. The protocol shall be developed in coordination with DHS and shall be developmentally appropriate for juveniles, where applicable.
- (2) The agency and each facility developing an evidence protocol referred to in paragraph (1) of this section, shall consider how best to utilize available community resources and services to provide valuable expertise and support in the areas of crisis intervention and counseling to most appropriately address victims' needs. Each facility shall establish procedures to make available, to the full extent possible, outside victim services following incidents of sexual abuse; the facility shall attempt to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available

to provide victim advocate services, the agency shall provide these services by making available a qualified staff member from a community-based organization, or a qualified agency staff member. A qualified agency staff member or a qualified community-based staff member means an individual who has received education concerning sexual assault and forensic examination issues in general. The outside or internal victim advocate shall provide emotional support, crisis intervention, information, and referrals.

- (3) Where evidentiarily or medically appropriate, at no cost to the detainee, and only with the detainee's consent, the facility shall arrange for an alleged victim detainee to undergo a forensic medical examination by qualified health care personnel, including a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) where practicable. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified health care personnel.
- (4) As requested by a victim, the presence of his or her outside or internal victim advocate, including any available victim advocacy services offered by a hospital conducting a forensic exam, shall be allowed for support during a forensic exam and investigatory interviews.
- (5) To the extent that the agency is not responsible for investigating allegations of sexual abuse, the agency or the facility shall request that the investigating agency follow the requirements of paragraphs (1) through (4) of this section.

115.22 Policies to ensure investigation of allegations and appropriate agency oversight.

- (1) The agency shall establish an agency protocol, and shall require each facility to establish a facility protocol, to ensure that each allegation of sexual abuse is investigated by the agency or facility, or referred to an appropriate investigative authority.
- (2) The agency shall ensure that the agency and facility protocols required by paragraph (a) of this section, include a description of responsibilities of the agency, the facility, and any other investigating entities; and require the documentation and maintenance, for at least five years, of all reports and referrals of allegations of sexual abuse.
- (3) The agency shall post its protocols on its Web site; each facility shall also post its protocols on its Web site, if it has one, or otherwise make the protocol available to the public.
- (4) Each facility protocol shall ensure that all allegations are promptly reported to the agency as described in paragraphs (5) and (6) of this section, and, unless the allegation does not involve potentially criminal behavior, are promptly referred for investigation to an appropriate law enforcement agency with the legal authority to conduct criminal investigations. A facility may separately, and in addition to the above reports and referrals, conduct its own investigation.
- (5) When a detainee, prisoner, inmate, or resident of the facility in which an alleged detainee victim is housed is alleged to be the perpetrator of detainee sexual abuse, the facility shall ensure that the incident is promptly reported to the Joint Intake Center, the ICE Office of Professional Responsibility or the DHS Office of Inspector General, as well as the appropriate ICE Field Office Director, and, if it is potentially criminal, referred to an appropriate law enforcement agency having jurisdiction for investigation.
- (6) When a staff member, contractor, or volunteer is alleged to be the perpetrator of detainee sexual abuse, the facility shall ensure that the incident is promptly reported to the Joint

Intake Center, the ICE Office of Professional Responsibility or the DHS Office of Inspector General, as well as to the appropriate ICE Field Office Director, and to the local government entity or contractor that owns or operates the facility. If the incident is potentially criminal, the facility shall ensure that it is promptly referred to an appropriate law enforcement agency having jurisdiction for investigation.

TRAINING AND EDUCATION

115.31 Staff training.

- (1) The agency shall train, or require the training of, all employees who may have contact with immigration detainees, and all facility staff, to be able to fulfill their responsibilities under this part, including training on:
 - (a) The agency's and the facility's zero-tolerance policies for all forms of sexual abuse;
 - (b) The right of detainees and staff to be free from sexual abuse, and from retaliation for reporting sexual abuse;
 - (c) Definitions and examples of prohibited and illegal sexual behavior;
 - (d) Recognition of situations where sexual abuse may occur;
 - (e) Recognition of physical, behavioral, and emotional signs of sexual abuse, and methods of preventing and responding to such occurrences;
 - (f) How to avoid inappropriate relationships with detainees;
 - (g) How to communicate effectively and professionally with detainees, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming detainees;
 - (h) Procedures for reporting knowledge or suspicion of sexual abuse; and
 - (i) The requirement to limit reporting of sexual abuse to personnel with a need-to-know in order to make decisions concerning the victim's welfare and for law enforcement or investigative purposes.
- (2) All current facility staff, and all agency employees who may have contact with immigration detention facility detainees, shall be trained within one year of May 6, 2014, and the agency or facility shall provide refresher information every two years.
- (3) The agency and each facility shall document that staff that may have contact with immigration facility detainees have completed the training.

115.32 Other training.

- (1) The facility shall ensure that all volunteers and other contractors (as defined in paragraph (4) of this section) who have contact with detainees have been trained on their responsibilities under the agency's and the facility's sexual abuse prevention, detection, intervention and response policies and procedures.
- (2) The level and type of training provided to volunteers and other contractors shall be based on the services they provide and level of contact they have with detainees, but all volunteers and other contractors who have contact with detainees shall be notified of the agency's and the facility's zero-tolerance policies regarding sexual abuse and informed how to report such incidents.

- (3) Each facility shall receive and maintain written confirmation that volunteers and other contractors who have contact with immigration facility detainees have completed the training.
- (4) In this section, the term *other contractor* means a person who provides services on a non-recurring basis to the facility pursuant to a contractual agreement with the agency or facility.

115.33 Detainee education.

- (1) During the intake process, each facility shall ensure that the detainee orientation program notifies and informs detainees about the agency's and the facility's zero-tolerance policies for all forms of sexual abuse and includes (at a minimum) instruction on:
 - (a) Prevention and intervention strategies;
 - (b) Definitions and examples of detainee-on-detainee sexual abuse, staff-on-detainee sexual abuse and coercive sexual activity;
 - (c) Explanation of methods for reporting sexual abuse, including to any staff member, including a staff member other than an immediate point-of-contact line officer (e.g., the compliance manager or a mental health specialist), the DHS Office of Inspector General, and the Joint Intake Center;
 - (d) Information about self-protection and indicators of sexual abuse;
 - (e) Prohibition against retaliation, including an explanation that reporting sexual abuse shall not negatively impact the detainee's immigration proceedings; and
 - (f) The right of a detainee who has been subjected to sexual abuse to receive treatment and counseling.
- (2) Each facility shall provide the detainee notification, orientation, and instruction in formats accessible to all detainees, including those who are limited English proficient, deaf, visually impaired or otherwise disabled, as well as to detainees who have limited reading skills.
- (3) The facility shall maintain documentation of detainee participation in the intake process orientation.
- (4) Each facility shall post on all housing unit bulletin boards the following notices:
 - (a) The DHS-prescribed sexual assault awareness notice;
 - (b) The name of the Prevention of Sexual Abuse Compliance Manager; and
 - (c) The name of local organizations that can assist detainees who have been victims of sexual abuse.
- (5) The facility shall make available and distribute the DHS-prescribed "Sexual Assault Awareness Information" pamphlet.
- (6) Information about reporting sexual abuse shall be included in the agency Detainee Handbook made available to all immigration detention facility detainees.

115.34 Specialized training: Investigations.

- (1) In addition to the general training provided to all facility staff and employees pursuant to § 115.31, the agency or facility shall provide specialized training on sexual abuse and effective cross-agency coordination to agency or facility investigators, respectively, who conduct investigations into allegations of sexual abuse at immigration detention facilities. All investigations into alleged sexual abuse must be conducted by qualified investigators.

- (2) The agency and facility must maintain written documentation verifying specialized training provided to investigators pursuant to this section.

115.35 Specialized training: Medical and mental health care.

- (1) The agency shall review and approve the facility's policy and procedures to ensure that facility medical staff is trained in procedures for examining and treating victims of sexual abuse, in facilities where medical staff may be assigned these activities.

ASSESSMENT FOR RISK OF SEXUAL VICTIMIZATION AND ABUSIVENESS

115.41 Assessment for risk of victimization and abusiveness.

- (1) The facility shall assess all detainees on intake to identify those likely to be sexual aggressors or sexual abuse victims and shall house detainees to prevent sexual abuse, taking necessary steps to mitigate any such danger. Each new arrival shall be kept separate from the general population until he/she is classified and may be housed accordingly.
- (2) The initial classification process and initial housing assignment should be completed within twelve hours of admission to the facility.
- (3) The facility shall also consider, to the extent that the information is available, the following criteria to assess detainees for risk of sexual victimization:
 - (a) Whether the detainee has a mental, physical, or developmental disability;
 - (b) The age of the detainee;
 - (c) The physical build and appearance of the detainee;
 - (d) Whether the detainee has previously been incarcerated or detained;
 - (e) The nature of the detainee's criminal history;
 - (f) Whether the detainee has any convictions for sex offenses against an adult or child;
 - (g) Whether the detainee has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
 - (h) Whether the detainee has self-identified as having previously experienced sexual victimization; and
 - (i) The detainee's own concerns about his or her physical safety.
- (4) The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the facility, in assessing detainees for risk of being sexually abusive.
- (5) The facility shall reassess each detainee's risk of victimization or abusiveness between 60 and 90 days from the date of initial assessment, and at any other time when warranted based upon the receipt of additional, relevant information or following an incident of abuse or victimization.
- (6) Detainees shall not be disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to paragraphs (3)(a), (3)(g), (3)(h), or (3)(i) of this section.
- (7) The facility shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive

information is not exploited to the detainee's detriment by staff or other detainees or inmates.

115.42 Use of assessment information.

- (1) The facility shall use the information from the risk assessment under § 115.41 of this part to inform assignment of detainees to housing, recreation and other activities, and voluntary work. The agency shall make individualized determinations about how to ensure the safety of each detainee.
- (2) When making assessment and housing decisions for a transgender or intersex detainee, the facility shall consider the detainee's gender self-identification and an assessment of the effects of placement on the detainee's health and safety. The facility shall consult a medical or mental health professional as soon as practicable on this assessment. The facility should not base placement decisions of transgender or intersex detainees solely on the identity documents or physical anatomy of the detainee; a detainee's self-identification of his/her gender and self-assessment of safety needs shall always be taken into consideration as well. The facility's placement of a transgender or intersex detainee shall be consistent with the safety and security considerations of the facility, and placement and programming assignments for each transgender or intersex detainee shall be reassessed at least twice each year to review any threats to safety experienced by the detainee.
- (3) When operationally feasible, transgender and intersex detainees shall be given the opportunity to shower separately from other detainees.

115.43 Protective custody.

- (1) The facility shall develop and follow written procedures consistent with the standards in this subpart for each facility governing the management of its administrative segregation unit. These procedures, which should be developed in consultation with the ICE Enforcement and Removal Operations Field Office Director having jurisdiction for the facility, must document detailed reasons for placement of an individual in administrative segregation on the basis of a vulnerability to sexual abuse or assault.
- (2) Use of administrative segregation by facilities to protect detainees vulnerable to sexual abuse or assault shall be restricted to those instances where reasonable efforts have been made to provide appropriate housing and shall be made for the least amount of time practicable, and when no other viable housing options exist, as a last resort. The facility should assign detainees vulnerable to sexual abuse or assault to administrative segregation for their protection until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.
- (3) Facilities that place vulnerable detainees in administrative segregation for protective custody shall provide those detainees access to programs, visitation, counsel and other services available to the general population to the maximum extent practicable.
- (4) Facilities shall implement written procedures for the regular review of all vulnerable detainees placed in administrative segregation for their protection, as follows:

- (a) A supervisory staff member shall conduct a review within 72 hours of the detainee's placement in administrative segregation to determine whether segregation is still warranted; and
 - (b) A supervisory staff member shall conduct, at a minimum, an identical review after the detainee has spent seven days in administrative segregation, and every week thereafter for the first 30 days, and every 10 days thereafter.
- (5) Facilities shall notify the appropriate ICE Field Office Director no later than 72 hours after the initial placement into segregation, whenever a detainee has been placed in administrative segregation on the basis of a vulnerability to sexual abuse or assault.

REPORTING

115.51 Detainee reporting.

- (1) The agency and each facility shall develop policies and procedures to ensure that detainees have multiple ways to privately report sexual abuse, retaliation for reporting sexual abuse, or staff neglect or violations of responsibilities that may have contributed to such incidents. The agency and each facility shall also provide instructions on how detainees may contact their consular official, the DHS Office of the Inspector General or, as appropriate, another designated office, to confidentially and, if desired, anonymously, report these incidents.
- (2) The agency shall also provide, and the facility shall inform the detainees of, at least one way for detainees to report sexual abuse to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward detainee reports of sexual abuse to agency officials, allowing the detainee to remain anonymous upon request.
- (3) Facility policies and procedures shall include provisions for staff to accept reports made verbally, in writing, anonymously, and from third parties and to promptly document any verbal reports.

115.52 Grievances.

- (1) The facility shall permit a detainee to file a formal grievance related to sexual abuse at any time during, after, or in lieu of lodging an informal grievance or complaint.
- (2) The facility shall not impose a time limit on when a detainee may submit a grievance regarding an allegation of sexual abuse.
- (3) The facility shall implement written procedures for identifying and handling time-sensitive grievances that involve an immediate threat to detainee health, safety, or welfare related to sexual abuse.
- (4) Facility staff shall bring medical emergencies to the immediate attention of proper medical personnel for further assessment.
- (5) The facility shall issue a decision on the grievance within five days of receipt and shall respond to an appeal of the grievance decision within 30 days. Facilities shall send all grievances related to sexual abuse and the facility's decisions with respect to such grievances to the appropriate ICE Field Office Director at the end of the grievance process.

- (6) To prepare a grievance, a detainee may obtain assistance from another detainee, the housing officer or other facility staff, family members, or legal representatives. Staff shall take reasonable steps to expedite requests for assistance from these other parties.

115.53 Detainee access to outside confidential support services.

- (1) Each facility shall utilize available community resources and services to provide valuable expertise and support in the areas of crisis intervention, counseling, investigation and the prosecution of sexual abuse perpetrators to most appropriately address victims' needs. The facility shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers or, if local providers are not available, with national organizations that provide legal advocacy and confidential emotional support services for immigrant victims of crime.

If no such local organizations exist, the facility shall make available the same information about national organizations. The facility shall enable reasonable communication between detainees and these organizations and agencies, in as confidential a manner as possible.
- (4) Each facility shall inform detainees prior to giving them access to outside resources, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.

115.54 Third-party reporting.

- (1) Each facility shall establish a method to receive third-party reports of sexual abuse in its immigration detention facilities and shall make available to the public information on how to report sexual abuse on behalf of a detainee.

OFFICIAL RESPONSE FOLLOWING A DETAINEE REPORT

115.61 Staff reporting duties.

- (1) The agency and each facility shall require all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding an incident of sexual abuse that occurred in a facility; retaliation against detainees or staff who reported or participated in an investigation about such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. The agency shall review and approve facility policies and procedures and shall ensure that the facility specifies appropriate reporting procedures, including a method by which staff can report outside of the chain of command.
- (2) Staff members who become aware of alleged sexual abuse shall immediately follow the

reporting requirements set forth in the agency's and facility's written policies and procedures.

- (3) Apart from such reporting, staff shall not reveal any information related to a sexual abuse report to anyone other than to the extent necessary to help protect the safety of the victim or prevent further victimization of other detainees or staff in the facility, or to make medical treatment, investigation, law enforcement, or other security and management decisions.

115.62 Protection duties.

- (1) If an agency employee or facility staff member has a reasonable belief that a detainee is subject to a substantial risk of imminent sexual abuse, he or she shall take immediate action to protect the detainee.

115.63 Reporting to other confinement facilities.

- (1) Upon receiving an allegation that a detainee was sexually abused while confined at another facility, the agency or facility whose staff received the allegation shall notify the ICE Field Office and the administrator of the facility where the alleged abuse occurred.
- (2) The notification provided in paragraph (1) of this section shall be provided as soon as possible, but no later than 72 hours after receiving the allegation.
- (3) The agency or facility shall document that it has provided such notification.
- (4) The agency or facility office that receives such notification, to the extent the facility is covered by this subpart, shall ensure that the allegation is referred for investigation in accordance with these standards and reported to the appropriate ICE Field Office Director.

115.64 Responder duties.

- (1) Upon learning of an allegation that a detainee was sexually abused, the first security staff member to respond to the report, or his or her supervisor, shall be required to:
 - (a) Separate the alleged victim and abuser;
 - (b) Preserve and protect, to the greatest extent possible, any crime scene until appropriate steps can be taken to collect any evidence;
 - (c) If the abuse occurred within a time period that still allows for the collection of physical evidence, request the alleged victim not to take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and
 - (d) If the sexual abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.
- (2) If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify security staff.

115.65 Coordinated response.

- (1) Each facility shall develop a written institutional plan to coordinate actions taken by staff first responders, medical and mental health practitioners, investigators, and facility leadership in response to an incident of sexual abuse.
- (2) Each facility shall use a coordinated, multidisciplinary team approach to responding to sexual abuse.
- (3) If a victim of sexual abuse is transferred between DHS immigration detention facilities, the sending facility shall, as permitted by law, inform the receiving facility of the incident and the victim's potential need for medical or social services.
- (4) If a victim is transferred between DHS immigration detention facilities or to a non-DHS facility, the sending facility shall, as permitted by law, inform the receiving facility of the incident and the victim's potential need for medical or social services, unless the victim requests otherwise.

115.66 Protection of detainees from contact with alleged abusers.

- (1) Staff, contractors, and volunteers suspected of perpetrating sexual abuse shall be removed from all duties requiring detainee contact pending the outcome of an investigation.

115.67 Agency protection against retaliation.

- (1) Staff, contractors, and volunteers, and immigration detention facility detainees, shall not retaliate against any person, including a detainee, who reports, complains about, or participates in an investigation into an allegation of sexual abuse, or for participating in sexual activity as a result of force, coercion, threats, or fear of force.
- (2) For at least 90 days following a report of sexual abuse, the agency and facility shall monitor to see if there are facts that may suggest possible retaliation by detainees or staff, and shall act promptly to remedy any such retaliation.

115.68 Post-allegation protective custody.

- (1) The facility shall take care to place detainee victims of sexual abuse in a supportive environment that represents the least restrictive housing option possible (e.g., protective custody), subject to the requirements of § 115.43.
- (2) Detainee victims shall not be held for longer than five days in any type of administrative segregation, except in highly unusual circumstances or at the request of the detainee.
- (3) A detainee victim who is in protective custody after having been subjected to sexual abuse shall not be returned to the general population until completion of a proper reassessment, taking into consideration any increased vulnerability of the detainee as a result of the sexual abuse.
- (4) Facilities shall notify the appropriate ICE Field Office Director whenever a detainee victim has been held in administrative segregation for 72 hours.

INVESTIGATIONS

115.71 Criminal and administrative investigations.

- (1) If the facility has responsibility for investigating allegations of sexual abuse, all investigations into alleged sexual abuse must be prompt, thorough, objective, and conducted by specially trained, qualified investigators.
- (2) Upon conclusion of a criminal investigation where the allegation was substantiated, an administrative investigation shall be conducted. Upon conclusion of a criminal investigation where the allegation was unsubstantiated, the facility shall review any available completed criminal investigation reports to determine whether an administrative investigation is necessary or appropriate. Administrative investigations shall be conducted after consultation with the appropriate investigative office within DHS, and the assigned criminal investigative entity.
- (3) (a) The facility shall develop written procedures for administrative investigations, including provisions requiring:
 - i. Preservation of direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data;
 - ii. (ii) Interviewing alleged victims, suspected perpetrators, and witnesses;
 - iii. (iii) Reviewing prior complaints and reports of sexual abuse involving the suspected perpetrator;
 - iv. (iv) Assessment of the credibility of an alleged victim, suspect, or witness, without regard to the individual's status as detainee, staff, or employee, and without requiring any detainee who alleges sexual abuse to submit to a polygraph;
 - v. (v) An effort to determine whether actions or failures to act at the facility contributed to the abuse; and
 - vi. (vi) Documentation of each investigation by written report, which shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings; and
 - vii. (vii) Retention of such reports for as long as the alleged abuser is detained or employed by the agency or facility, plus five years.
- (b) Such procedures shall govern the coordination and sequencing of the two types of investigations, in accordance with paragraph (2) of this section, to ensure that the criminal investigation is not compromised by an internal administrative investigation.
- (4) The agency shall review and approve the facility policy and procedures for coordination and conduct of internal administrative investigations with the assigned criminal investigative entity to ensure non-interference with criminal investigations.
- (5) The departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation.
- (6) When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

DISCIPLINE

115.76 Disciplinary sanctions for staff.

- (1) Staff shall be subject to disciplinary or adverse action up to and including removal from their position and the Federal service for substantiated allegations of sexual abuse or for violating agency or facility sexual abuse policies.
- (2) The agency shall review and approve facility policies and procedures regarding disciplinary or adverse actions for staff and shall ensure that the facility policy and procedures specify disciplinary or adverse actions for staff, up to and including removal from their position and from the Federal service for staff, when there is a substantiated allegation of sexual abuse, or when there has been a violation of agency sexual abuse rules, policies, or standards. Removal from their position and from the Federal service is the presumptive disciplinary sanction for staff who have engaged in or attempted or threatened to engage in sexual abuse, as defined under the definition of sexual abuse of a detainee by a staff member, contractor, or volunteer, paragraphs (a) - (d) and (g) - (h) of the definition of "sexual abuse of a detainee by a staff member, contractor, or volunteer" in § 115.6.
- (3) Each facility shall report all removals or resignations in lieu of removal for violations of agency or facility sexual abuse policies to appropriate law enforcement agencies, unless the activity was clearly not criminal.
- (4) Each facility shall make reasonable efforts to report removals or resignations in lieu of removal for violations of agency or facility sexual abuse policies to any relevant licensing bodies, to the extent known.

115.77 Corrective action for contractors and volunteers.

- (1) Any contractor or volunteer who has engaged in sexual abuse shall be prohibited from contact with detainees. Each facility shall make reasonable efforts to report to any relevant licensing body, to the extent known, incidents of substantiated sexual abuse by a contractor or volunteer. Such incidents shall also be reported to law enforcement agencies, unless the activity was clearly not criminal.
- (2) Contractors and volunteers suspected of perpetrating sexual abuse shall be removed from all duties requiring detainee contact pending the outcome of an investigation.
- (3) The facility shall take appropriate remedial measures, and shall consider whether to prohibit further contact with detainees by contractors or volunteers who have not engaged in sexual abuse, but have violated other provisions within these standards.

115.78 Disciplinary sanctions for detainees.

- (1) Each facility shall subject a detainee to disciplinary sanctions pursuant to a formal disciplinary process following an administrative or criminal finding that the detainee engaged in sexual abuse.
- (2) At all steps in the disciplinary process provided in paragraph (1), any sanctions imposed shall be commensurate with the severity of the committed prohibited act and intended to encourage the detainee to conform with rules and regulations in the future.
- (3) Each facility holding detainees in custody shall have a detainee disciplinary system with progressive levels of reviews, appeals, procedures, and documentation procedure.
- (4) The disciplinary process shall consider whether a detainee's mental disabilities or mental

illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed.

- (5) The facility shall not discipline a detainee for sexual contact with staff unless there is a finding that the staff member did not consent to such contact.
- (6) For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

MEDICAL AND MENTAL CARE

115.81 Medical and mental health assessments; history of sexual abuse.

- (1) If the assessment pursuant to § 115.41 indicates that a detainee has experienced prior sexual victimization or perpetrated sexual abuse, staff shall, as appropriate, ensure that the detainee is immediately referred to a qualified medical or mental health practitioner for medical and/or mental health follow-up as appropriate.
- (2) When a referral for medical follow-up is initiated, the detainee shall receive a health evaluation no later than two working days from the date of assessment.
- (3) When a referral for mental health follow-up is initiated, the detainee shall receive a mental health evaluation no later than 72 hours after the referral.

115.82 Access to emergency medical and mental health services.

- (1) Detainee victims of sexual abuse shall have timely, unimpeded access to emergency medical treatment and crisis intervention services, including emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care.
- (2) Emergency medical treatment services provided to the victim shall be without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.

115.83 Ongoing medical and mental health care for sexual abuse victims and abusers.

- (1) Each facility shall offer medical and mental health evaluation and, as appropriate, treatment to all detainees who have been victimized by sexual abuse while in immigration detention.
- (2) The evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody.
- (3) The facility shall provide such victims with medical and mental health services consistent with the community level of care.
- (4) Detainee victims of sexually abusive vaginal penetration by a male abuser while incarcerated shall be offered pregnancy tests. If pregnancy results from an instance of sexual abuse, the victim shall receive timely and comprehensive information about lawful

pregnancy-related medical services and timely access to all lawful pregnancy-related medical services.

- (5) Detainee victims of sexual abuse while detained shall be offered tests for sexually transmitted infections as medically appropriate.
- (6) Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.
- (7) The facility shall attempt to conduct a mental health evaluation of all known detainee-on-detainee abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

DATA COLLECTION AND REVIEW

115.86 Sexual abuse incident reviews.

- (1) Each facility shall conduct a sexual abuse incident review at the conclusion of every investigation of sexual abuse and, where the allegation was not determined to be unfounded, prepare a written report within 30 days of the conclusion of the investigation recommending whether the allegation or investigation indicates that a change in policy or practice could better prevent, detect, or respond to sexual abuse. The facility shall implement the recommendations for improvement, or shall document its reasons for not doing so in a written response. Both the report and response shall be forwarded to the Field Office Director, for transmission to the ICE PSA Coordinator.
- (2) The review team shall consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
- (3) Each facility shall conduct an annual review of all sexual abuse investigations and resulting incident reviews to assess and improve sexual abuse intervention, prevention and response efforts. If the facility has not had any reports of sexual abuse during the annual reporting period, then the facility shall prepare a negative report. The results and findings of the annual review shall be provided to the facility administrator and Field Office Director or his or her designee, who shall transmit it to the ICE PSA Coordinator.

115.87 Data collection.

- (1) Each facility shall maintain in a secure area all case records associated with claims of sexual abuse, including incident reports, investigative reports, offender information, case disposition, medical and counseling evaluation findings, and recommendations for post-release treatment, if necessary, and/or counseling in accordance with these standards and applicable agency policies, and in accordance with established schedules.
- (2) On an ongoing basis, the PSA Coordinator shall work with relevant facility PSA Compliance Managers and DHS entities to share data regarding effective agency response methods to sexual abuse.

AUDITS AND COMPLIANCE

115.93 Audits of standards.

- (1) The agency may require an expedited audit if the agency has reason to believe that a particular facility may be experiencing problems relating to sexual abuse. The agency may also include referrals to resources that may assist the facility with PREA-related issues.

ADDITIONAL PROVISIONS IN AGENCY POLICIES

115.95 Additional provisions in agency policies.

- (1) The regulations in this subpart A establish minimum requirements for agencies and facilities. Agency and facility policies may include additional requirements.
